The Third Annual State-of-Origins Report

Presented to the Associate Administrator OSS

May 17, 1999
Origins – An Overview

Presented by

Firouz Naderi
Program Manager
Origins – An Overview
(Removed pages)

- 11: Continued General Public Interest in the Origins Program
- 14: Origins – A Budget Scenario
Hubble Space Telescope (HST)

Presented by

Dave Leckrone, Senior Scientist for HST
John Campbell, Associate Director for HST
Hubble Space Telescope (HST) (Removed pages)

- 15: Hubble Discoveries Captivate the Country
- 22: HST Yearly Operations & Servicing Budget (FY99$)
Space Infrared Telescope Facility (SIRTF)

Presented by

Michael Werner
Project Scientist
Space InfraRed Telescope Facility (SIRTF) (Removed pages)

- 16: Obligation Authority (in $M)
Far Ultraviolet Spectroscopic Explorer (FUSE)

Presented by

George Sonneborn
Project Scientist
Stratospheric Observatory for Infrared Astronomy (SOFIA)

Presented by

Chris Wiltsee, Project Manager
Larry Caroff, Program Manager
Stratospheric Observatory for Infrared Astronomy (SOFIA) (Removed pages)

- 17: SOFIA Program Milestone Schedule
- 18: Life-Cycle Budget
Keck Interferometer

Presented by

Paul Swanson
Project Manager
Keck Interferometer (Removed pages)

- 14: FY '99 Project Replanning
- 15: Budget Detail
Origins
Research & Analysis

Presented by

Howard Smith
Discipline Scientist
Space Interferometry Mission (SIM)

Presented by

Chris Jones
Project Manager
Space Interferometry Mission (SIM) (Removed pages)

- 23: Budget Target
- 26: SIM–JPL/Industry Partnership Life Cycle
Next Generation Space Telescope (NGST)

Presented by

Bernard D. Seery
Project Manager
Next Generation Space Telescope (NGST) (Removed pages)

- 21: Cost Estimates for NGST
- 22: Budget
- 23: Budget Summary for NGST
An Integrated Program for

Origins’ Terrestrial Planet Finder (TPF) &

NMP’s Space Technology 3 (ST-3)

Presented by

Charles Beichman, Project Scientist
Firouz Naderi, Acting Project Manager
An Integrated Program for Origins’ Terrestrial Planet Finder (TPF) & NMP’s Space Technology 3 (ST–3) (Removed pages)

- 6: Public Interest in TPF
- 18: Budget Available for the Integrated Program
Astrobiology

Presented by

Michael Meyer, *NASA Hq Discipline Program Scientist*
Scott Hubbard, *Interim Manager–Astrobiology Institute*
Astrobiology
(Removed pages)

- 10: Astrobiology Budget
- 17: Science Highlights for Astrobiology in Science
- 19: NASA Astrobiology Research Laboratory
- 23: Major Astrobiology Augmentation Elements
- 24: Education & Public Outreach
Education Outreach
(Removed pages)

- 21: Budget
Education Outreach

Presented by

Carol Christian
